## What we need to know and how to fill in the forms.

**Beginning:** What is the cue to open the curtain. What is the cue to begin music (if on track)

**Ending:** Describe your Final Pose. Are you planning a bow? What is the cue to close the curtain?

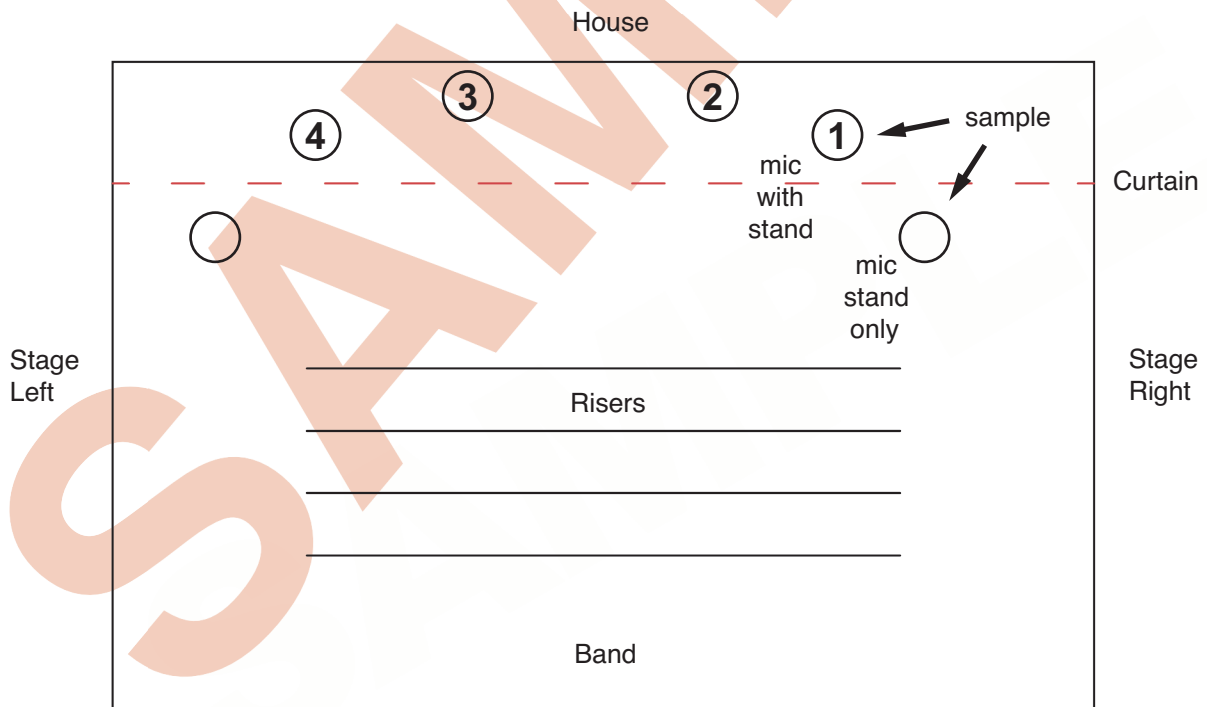

**For each song:** Microphones – please put a check mark indicating which mics you are going to use for each number (up to the maximum of 8 handheld)

**In the notes section:** please let us know anything else you may think pertinent to your number (i.e. rapping, spoken word etc.) or if you want a particular singer(s) featured in the number.

### Microphone and Microphone Stand Preset

please indicate where you would like the handheld microphones preset. The microphones are numbered 1-8, and are numbered in the preset from Stage Right to Stage Left (so the Sound Tech in the House can read them from Left to Right)

1. They may be placed anywhere on stage (and in front of the curtain if needed)
2. A microphone can also be held by a singer to start off
3. If a microphone is to be on a stand, please put the number with a circle around it
4. If you just need a microphone stand preset, indicate that with a circle only
